Box I Observations where certain ciains were found unsearchable (Continuation of New 2 of Mot Success
This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
1. X Claims Nos.: 39-43
because they relate to subject matter not required to be searched by this Authority, namely. The inventions as set forth in claims 39 to 43 pertain to methods for treatment of the human body by therapy.
 Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:
3. Claims Nos.:
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
because they are dependent office and not distinct in accordance to the second of the
Box II Observations where unity of invention is lacking (Continuation of item 3 of first sheet)
This International Searching Authority found multiple inventions in this international application, as follows:
Although the compounds of the general formula (1) as described in claim 1 have a common structural part, there had been publicly known compounds having such a structural part, for example, RN68639-14-5, RN32160-91-1, RN23935-87-7, RN24051-08-9, etc. Thus, this structural part cannot be regarded as an important chemical structural factor. There is no other common matter among these inventions which is considered as a special technical feature in the meaning as described in the second sentence of PCT Rul3 13.2. Such being the case, these groups of inventions cannot be considered as relating to a group of inventions so linked as to form a single general inventive concept. 1. As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
of any additional fee.
3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers
only those claims for which fees were paid, specifically claims Nos.:
4. X No required additional search fees were timely paid by the applicant. Consequently, this international search report is
restricted to the invention first mentioned in the claims; it is covered by claims Nos.: Namely, it is restricted to the inventions as set forth in claims to 38 relating to the compounds of the general formula given in claim wherein R ² is (i) and R ³ and A re (a).
Remark on Protest The additional search fees were accompanied by the applicant's protest.
No protest accompanied the payment of additional search fees.
